## BEDROOM DESIGN

What we think, Bedroom, should be about.

Bedrooms are place of rest which requires comfort, soothing mood, and a warm ambience, to create that perfect relaxation space.

For the Interior Design of a Bedroom, we do not leave anything to chance. We design to detail from the Backdrop wall design, Bed Backdrop design, Ceiling Design, Lighting Design and Picking out all the complementary accessories, and furniture.

Not Forgetting, the right Landscape Feature, that would create the right Mood, and ambience, perfect for that space.

Adding the Necessary Vanity Table, or Cabinet, thereby creating a mini sub section, within the space.

The Design of Bedrooms, are usually based on the shape, and size of the room. Putting in Mind, the necessary sub space, required in a room.

From Resting Area, Reading Area, Dressing Area, Praying area, Warm up Area and bathing area. Sub Spaces are Created, based on the activities of the occupants, which usually reflect in that space.

Also creating, and bringing to light, the personality of the occupant, which usually reflect, in the choice of Portrait picture, type of duvet, colors, wall paper, lighting type, floor type and furniture.

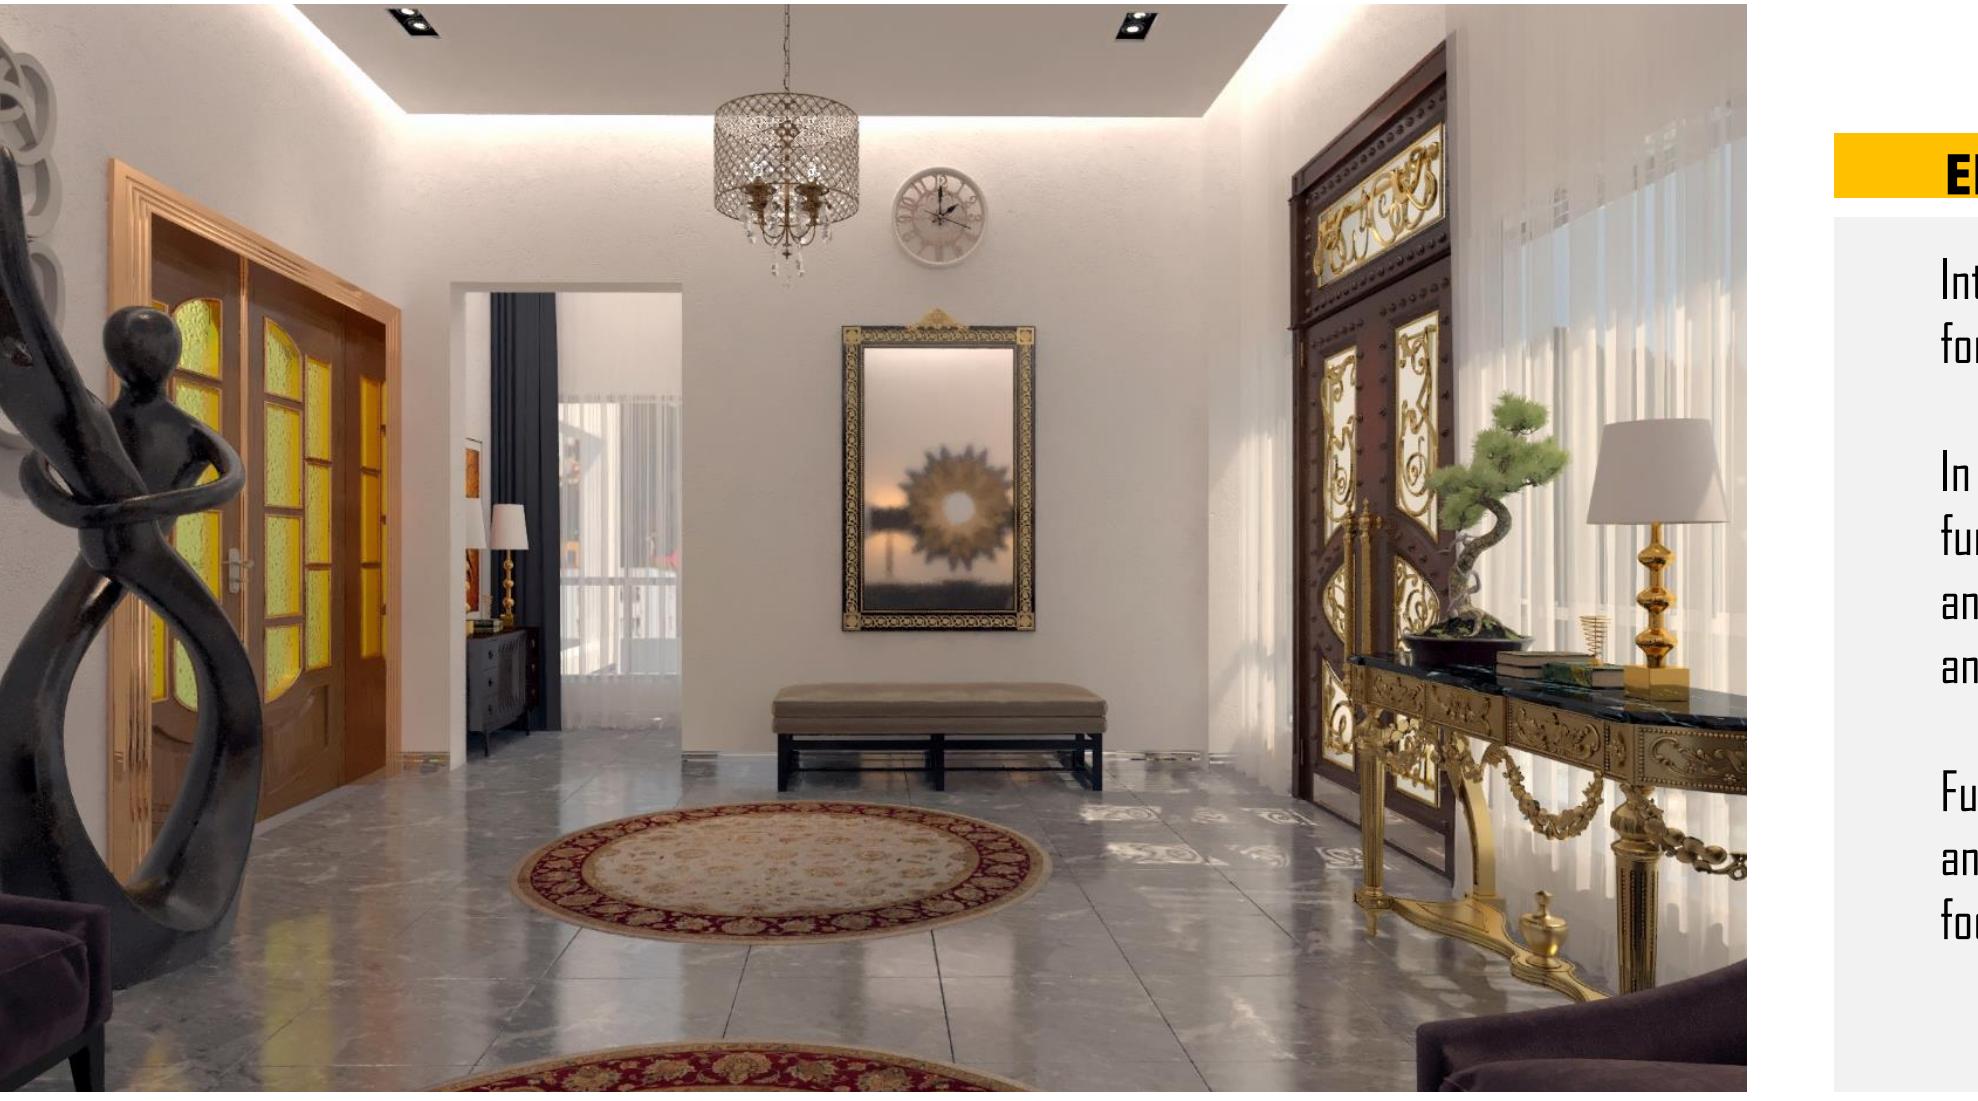

We always strive to make your space unique, at all times based on your sketches, reference images, reference ads or movies.
